

FDA Food Facility Registration

Does my facility need to be registered with FDA if it...

Does not process, pack, or store food, like most brokers, distributors, importers, traders, etc.

No

Low acid canned food processors also need a Food Canning Establishment (FCE) registration. The information on the FCE registration is linked to the information on the food facility registration.

Some facilities may be exempt. Examples include:
Restaurants • Private Residences • Retail Food Establishments

*Applies to food, beverages and dietary supplements for both human & animal consumption.

Registrar Corp can quickly and properly register a food facility with FDA. Contact 1-757-224-0177 or info@registrarcorp.com for assistance.
